

## **2022-2023 Membership Goals for Department Arkansas**

For this membership year, we have been given a goal of 297 more members, which would put us at 9,145 total members for end of the Legion Year.

To that end, and after working on the numbers, we have worked out a plan, by which, the following will need to occur.

Small Posts – 1 to 100 members needs to add after the goal numbers one additional member. So, if on June 30 2022, your post was small and had 50 members, you will need that 50 members and then 1 additional for a total of 51. That is just a goal, I urge and encourage posts to surpass these goals.

Medium Post – 101 to 450 Members and you will need to add 2 additional members after reaching 100%

Large Post – above 450 members, will need to reach that 100% plus 3 additional members.

These are the goals. Again, I encourage each post to do more than that.

Also, the Encumbered, Unencumbered and DMS lists will also all be fair game from the National lists for the Department. This comes from the leading candidate for National Commander, and after the National Convention and election, we will again, request the lists and will have the membership committee get these lists to Districts and Posts.
