June Newsletter • 2026

Dear Trust Directors, Department Adjutants, and Valued Department Members,

Summer is one of the busiest travel seasons of the year. Whether Legion Family members are driving to conventions, visiting family, taking vacations, or simply running errands close to home, they are always “on-the-move.”

That is why this month we are highlighting the Legionnaire Insurance Trust [Travel Accident Protection](#) program. The coverage is designed to help provide additional financial protection for covered travel accidents. This program helps provide an added layer of financial support following covered travel accidents.

Suggested Department use sections

For Departments - Internal and Members

June is an ideal time to remind Legion Family members about protection available while traveling. The LIT [“ON-THE-MOVE” Travel Accident Protection](#) program was created specifically with active Legion lifestyles in mind.

Suggested conversation starter:

Do you spend time traveling for Legion events, vacations, or family visits? LIT offers Travel Accident Protection designed to help provide additional financial protection during covered travel accidents.

For Marketing / Communications

Suggested social copy:

Whether you are heading across town or across the country, the LIT 'ON-THE-MOVE' Travel Accident Protection program helps provide additional financial protection during covered travel accidents. Learn more through the Legionnaire Insurance Trust.
