November 3, 2016

As most of you know by now, John Horton is stepping down as Jr. Shooting Sports Chairman for the American Legion, Department of Arkansas. John and Cathy, both, have been instrumental in the growth and success of this program for the past 15 years, and their service and dedication to our youth is greatly appreciated.

John has agreed to serve until the end of 2016 and to assist in the selection and training of his successor. This is where we need your help; we are seeking a qualified candidate to assume this esteemed position. If you feel you are qualified or know of someone who may be qualified, I ask that you email me and provide your contact information. A brief bio/resume would be most useful, if it is available. I will be happy to discuss the expectations and responsibilities of the Jr. Shooting Sports Chairman with anyone interested. While this program does require some hard work, I can tell you that John has developed an itinerary and rapport with outside organizations that permits this program to run in a highly effective and efficient manner.

Thank you for your consideration and input in this matter. Your commitment to our youth and this program is greatly appreciated. I can be reached on my cell phone at: (501) 240-8698

Respectfully,

Ralph Sims, Chairman
Americanism Programs
